A Student's Day Out of Class Can Be Fun

A student's day out of class can be very exciting; it just depends on what kind of mood the student is in. A student gets approximately five minutes between each class. In that time each student is allowed to go to his locker or go to the restroom but he must be extra cautious about being late. Different classes are allowed to go on field trips. This seems to be very exciting to each student especially if he goes to an exciting place. Each student can do many different things between bells or at lunch time. I find that when I walk through the halls between classes or at lunch girls are seeing their boyfriends or guys are seeing their girl friends. It seems to be a kind of relief when students are out of class. Besides being out of class between bells, and at lunch, many students come early in the morning. They either do some of their homework, set and talk, or just walk around. After school many kids hurry out to catch their buses or their ride home while others stay after school. Many students stay after for sports and other activities.

Classwork Offers Much Variety

As the students pile into class day after day it becomes a typical day in class. Each student has a different attitude towards school some enjoy the classes they have chosen and some don't. There are many different kinds of classes for example: for girls, there are foods and sewing classes, etc. For guys there are power mechanics, shop and many more. Girls can take guys' classes if they wish and guys can take girls' classes but mostly they prefer to stick to their own.

Big Reds Show Love

Big Reds are no different from the rest of the world, they are real live people doing America's favorite pas-time - showing love. Love comes in every shape, form, size, color and personality you can think of. We captured a few of these scenes as proof of Big Reds love for each other.

Love big red style is not limited to just the student. Teachers, counselors, assistant principals, and even the head man himself prove their love for the Big Reds.

Reds Help Fund Raising

Fund raising is a big part of the school role for Big Reds. Every class tries to raise money for their senior year at Port Huron High.

We also participate in a lot of other fund raising activities such as the Walkathon. Lots of Big Reds walked sixteen whole miles for the March of Dimes.

At Christmas time we had a canned food drive. All the students brought a few canned goods and we had a canned food trophy for the class that gave the most.

Then of course we have bake sales trying to raise money for different clubs such as the ski club, the Thunderbirds, the cheerleaders and all the other great clubs and classes.

Gym Classes Offer Conditioning

Our High School gym classes are all very active. There's something new every day. Some may not choose to participate but most people do anyway. There are all kinds of things to do such as golf, fencing, bowling, gymnastics and almost any sport or game you can think of. We have a coed gym where boys and girls participate in activities together. This is a fun class. In gym class everybody gets a chance to work out some of the extra Big Red energy. Now that we have our lovely city pool right next door we all enjoy about two weeks of swimming in the spring.

Moments . . . of relaxation, time out of class, yet doing related . . . decorating doors, but will we win for all that effort? Of hunger, of waiting for lunch, to eat a cinnamon roll, of being able to stuff your face with the great food in the cafeteria, of jabbing a needle in your finger in sewing class. These are moments never to be forgotten.

Winter Can Be Fun

Big Reds are overwhelmed by the fall and winter seasons. And there are many students in P.H.H.S. that are skiers who are getting ready for the excitement of the ski slopes. Not only skiers but tobogganers enjoy the excitement of going down the toboggan runs at top speeds. And then the laughter and screams of a good snow ball fight. That is always exciting as you can see by the pictures. It's a lot of fun playing in the snow as long as nobody gets hurt and if you're dressed nice and warm so you don't get frost bitten. Michigan is one of the best known states for its winter sports. There are competitions between skaters and skiers, also. A lot of people that go on vacations are attracted to Michigan because of the winter activities that Michigan has. Michigan has some of the biggest ski slopes in the world and the nicest lodges. Michigan is well known in the summer as well as in the winter.

Key Activities

Behind all the glitter, all the glamour, and all the fun, there has to be something or someone who gets everything organized and keeps it running smoothly. In Port Huron High School, that SOMETHING is our own Student Council. They are the "people behind the scene" who make it possible for us to enjoy such activities as Homecoming, which, as any S. C. member will tell you, is one of the most time-consuming and hectic events that the Student Council is involved in. They must plan the parade, halftime, Games Day, the assembly for Queen's court, and the Homecoming dance.

In addition to stirring up school spirit, they are also concerned with the problems in our school system. In trying to find a solution, they have set up a Human Relations Committee that meets every other Wednesday morning to discuss needs around the school. Another group, which is similar to the Human Relations Committee, is the STAC (Student and Teacher Advisory Committee). It is a program designed to give both teachers and students a chance to get together and discuss their problems. Various other projects include, the Japanese Pen Pal Club, the Magazine Sale, and meetings with class officers to generate more class participation.

Sound interesting? Involved? Well Student Council is that and more!

Senior's Marmaduke Best Class Float

In the Parade

The theme this year was comic strips. It proved to be one of the best years for float building this school has ever seen! All four classes produced top quality floats. As usual, it was a tight race between the Seniors' float (Marmaduke), and the Juniors' float (Broom Hilda). It came as a surprise to a lot of people that the Juniors built such a great float after two disappointing fourth places. Many people believed that "Broom Hilda" should

have taken first place (the whole Junior class, among others!) but the Seniors once again exhibited their fantastic float building talents and proved that they could beat even the best of Junior floats!! The freshmen showed great promise for future success by moving into third place with their entry "Yogi Bear." And last, but not least, the sophomores (although they took last place) came up with a unique idea of building the Titan, in their float "Bam-Bam," AROUND the trailer instead of on TOP.

TOP RIGHT - The Juniors' second place float, "Broom Hilda." LOWER LEFT - The Freshmen took third place with their float "Yogi Bear." OPPOSITE PAGE - TOP - Seniors roared into first, with their float "Marmaduke." BOTTOM - Sophomores ride along with their float "Bam-Bam" which came in fourth place.

HC Still Going Strong

Some say homecoming is a dying tradition, but one look at the large number of people who participate in both homecoming and float building, and you KNOW that it is far from dead!

One of the main events of homecoming is the float competition. Years from now, when we all go our separate ways, one of our fondest memories of Port Huron High School will be that of the many hours spent trying to build a first place float. Perhaps one of the BIGGEST reasons it attracts so many people is that it is one of the few things a class can do as a whole. A "unified effort" so to speak. Of course, there are other reasons - the parties which usually result from float meetings - a chance to make new friends - and just because it is plain old-fashioned FUN. But no matter what the outcome of the float competition, there are certain to be cries of dissent, which will linger in the hearts and halls of P.H.H.S. until next year, when we are again caught up in the "madness of it all!" After all, homecoming has been around for a long, long, time and hopefully will be for many years to come. A dying tradition? NEVER!!!

TOP - The ugly duckling turned into a swan, is what this float reminded us of. Although it doesn't look very good now, the Juniors worked on it until it was good enough to cop second place honors. BOTTOM - Some dedicated freshman students show enthusiasm (?) while making the countless flowers required for a float.

TOP RIGHT - Sophomores turned out in droves to work on their float. TOP LEFT - The freshmen showed everybody how good they were by taking third place in the float competition. BOTTOM RIGHT - Hard at work, these three Seniors didn't waste time posing for our photographers. Camera shy perhaps? BOTTOM LEFT - The seniors "go to work" building a first place float.

Judy Young Named Homecoming Queen

What comes to mind when you think of homecoming? Pretty girls? Floats? Parades? Football Games? All of that and more accompanied the crowning of the new 1974-75 Homecoming Queen. An honor that every girl dreams of at least once in her life!

That dream came true for happy but tearful Judy Young when she was crowned Homecoming Queen on November 2. Judy, a senior, and varsity cheerleader, said that she was shocked when they announced her name. She enjoys all outdoor activities, and plans to attend S.C.C.C to become a registered nurse.

We not only elected Judy queen, but we also chose two girls from each class to complete her court. All are very pretty, and all attend Port Huron High School (naturally!). Which just goes to show you that the band isn't P.H.H.S.'s only claim to fame; just look around you!!

"Tweet, tweet, tweet-bibty, bobity, Boom!" Who else could this be but the energetic Big Red Band? Energetic? You'd have to be, to rush outside in the rain, snow and sleet just to freeze at attention while practicing for the football game the next night. In the end, the band would always be on the field, bringing out the pride in every Big Red's soul!

We finally made it through the football season to our last game of the year, honoring the man out front, senior Allan Cairns. After Al finally got the band together, we introduced the original Class of '75 "Magic Box." Needless to say, greater miracles have never been done! As a finale, all the seniors sadly (?) marched out of a school house to a swingtime Pomp and Circumstance. Taking part in this activity were the Thunderbirds, the Tomahawks, the Display Flags, the Majorettes and the Color Guard. These are the colorful groups that you see marching with the band and performing to the several different songs the band plays.

Even though football season is finally over, there is no such thing as a rest for THIS band! There they were, strutting down Woodward Avenue, leading the Hudson's Day Parade on Thanksgiving morning, a mere two weeks later! Who knew what would happen next? Band-tastic, of course, then Christmas caroling, the Spring Concert, and then . . . They're always looking forward to new and better things!

It takes a lot of hard work to create a machine this great and indestructible, which was

proved by some long and emotional meetings with Mr. Payton and the band officers. Nevertheless, when in need of a tune-up - the machine got it. Hair up, shoulders in, chest out! Afterwards, we spark along as good as new!

So what does this all mean? Well, add a lot of flashing color, three heaping cups of pride, a big dose of care, and a few sparks, and you'll always come up with The Big Red Marching Machine!!!

This year, one of the major projects they undertook, was to outfit the entire Marching Machine with new band uniforms. And one of their major performances was the Hudson's Thanksgiving Day Parade. When the announcement came that they were to be the lead band in the parade, they rose to the challenge and in less than two weeks were in Detroit and roaring to go!

Gridders in Close Contests

Where would America be without football? Down the drain, that's where! Why, football rates NO. 1 when it comes to what America likes. (Mom's apple pie runs a close second!) Football is considered one of the major sports of the school year. It certainly draws the biggest crowds, and the reason it does is the fact that the people come to see the exceptional talent and sportsmanship they are sure to find at our games. It takes dedicated, hardworking, conscientious guys to make a 1st place ball team, and this year we had more than our share. Unfortunately, we lost two very close heartbreakers. The "bell-game" with crosstown rival Northern, and our homecoming game against Stevenson. This is not to say that there weren't any wins! We were victorious in our opening game over L'Anse Creuse (26-24), and our last game against our other crosstown rival, Port Huron Central (15-0). Although this made for a slightly disappointing season, the players themselves more than made up for it. The back-field defense was led by Gerald Moeller, Terry Wolff and running back Tom Seppo. Together they gained over 1107 yards. Seppo ended the season with a total of ten touchdowns to his credit. Lenny Lindquist led the team in interceptions. The

1 2

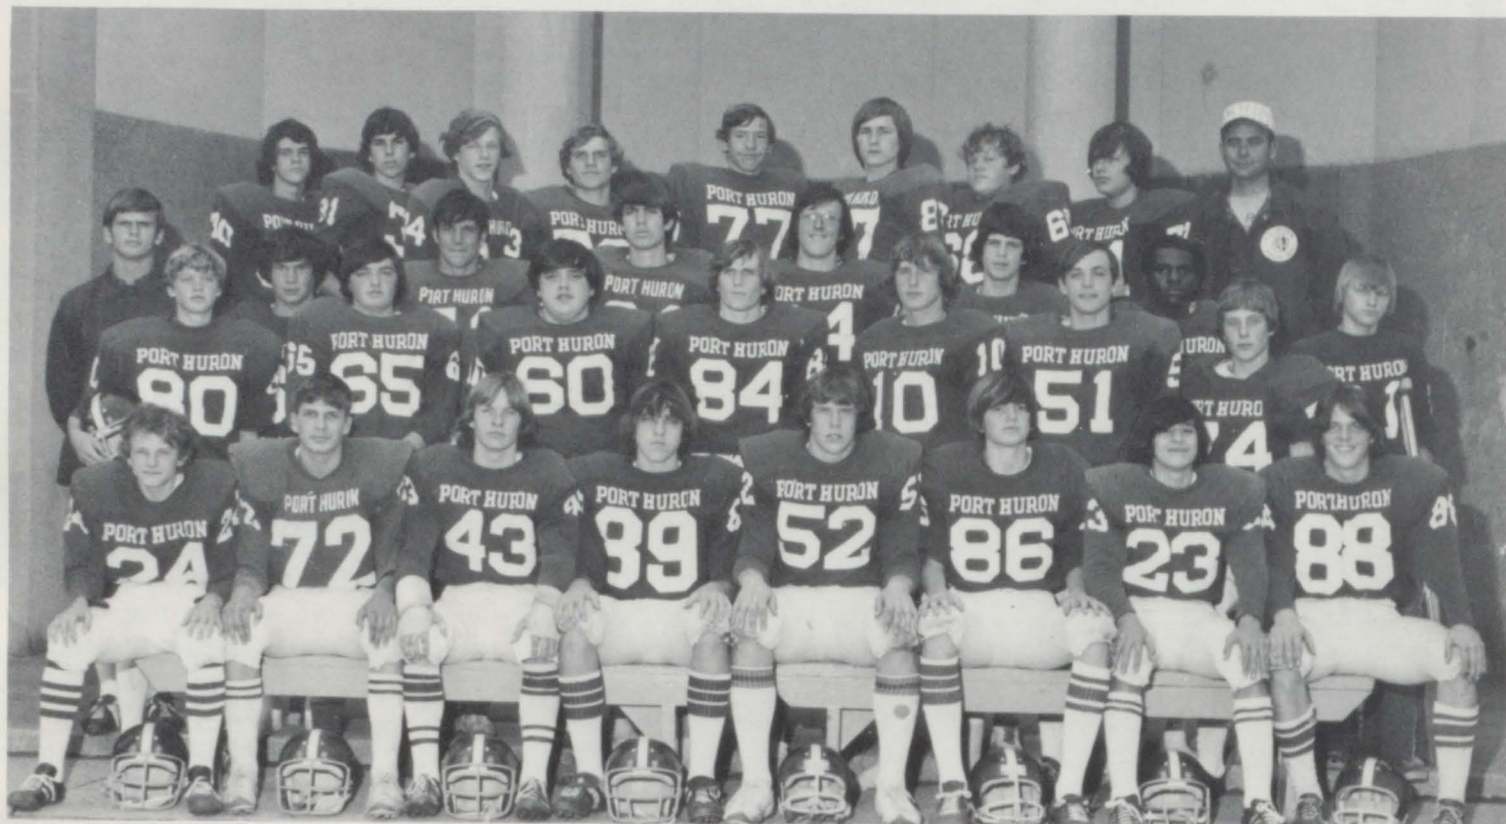

most crucial of which came in the last game when he intercepted a pass and ran it all the way for a touchdown, making him the only defense player to score. Another leading defense player was Clark Anter. Clark made 43 tackles and 48 assists for a total of 91. He was followed closely by Larry Jones, whose total was 82. These are only a few examples of the outstanding talent we had this year, but every single member of the team deserves credit for the part they played in making the team better as a whole.

The Big Reds are looking forward to a good season next year with twelve returning lettermen.

FIRST ROW - Rick Troy, Don McPherson, Dave Evans, Steve Rubelman, Randy Dickinson, Dennis Lynch, Joe Torres, Matt Lynch. NOT PICTURED - Tyrone Burrell.

When the J.V. coaches, Mr. Klink and Mr. Schneider were asked if there were any one or two outstanding players on the J.V. team this year they replied, "No, they all pulled for a team effort. They put the team first and the individual second." The J.V. team had a poor season this year and finished with a 3-6 record. Although the record wasn't great the team did its best, and that is all that could be asked.

The freshmen under the coaching of Mac Domke and Bill Berger had a 3-4 record this year. Although the record showed a losing season, no one, especially the players, felt that way. They were outstanding when you take into consideration that there is no athletic competition on the intermediate level. The coaches had to teach them the basic fundamentals of football. Next year the J.V.'s are looking to a good season.

Cagers Show Solid Improvement

Basketball team had its ups and downs at the start of the season, but the team worked very hard the rest of the season and pulled together as a unified team. The basketball team had a 1-5 record going into the Christmas break. They came back afterward and won six of fourteen.

The team had a new coach, Mr. Gutkowski. Coach Gutkowski's philosophy is based on discipline, hard work and a good attitude. Through these three attributes, a team may improve itself constantly to reach its entire potential. Discipline is the start. Some players had a hard time adjusting to this style of basketball. But eventually they came together and had a respectable season.

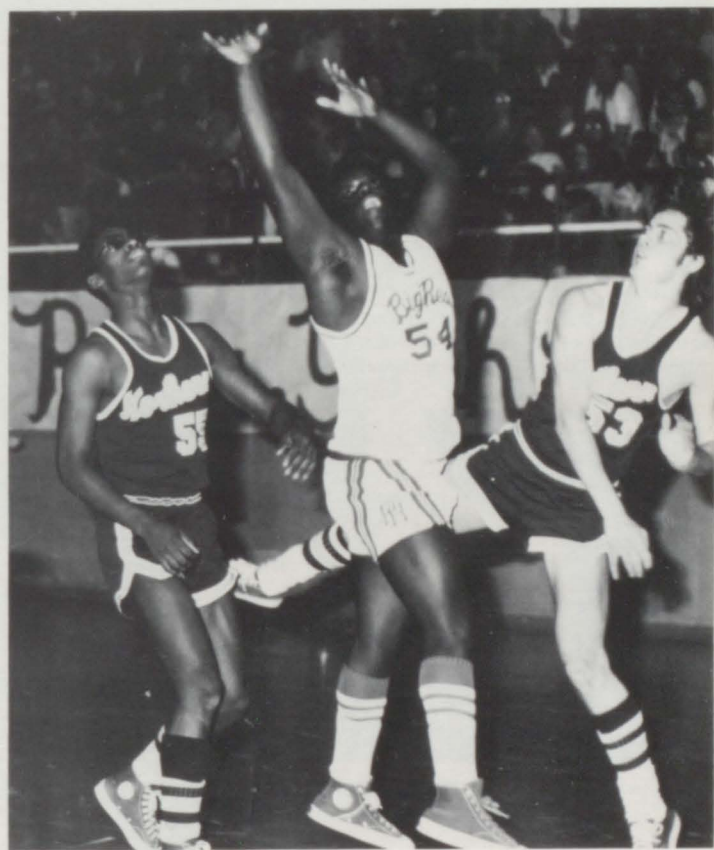

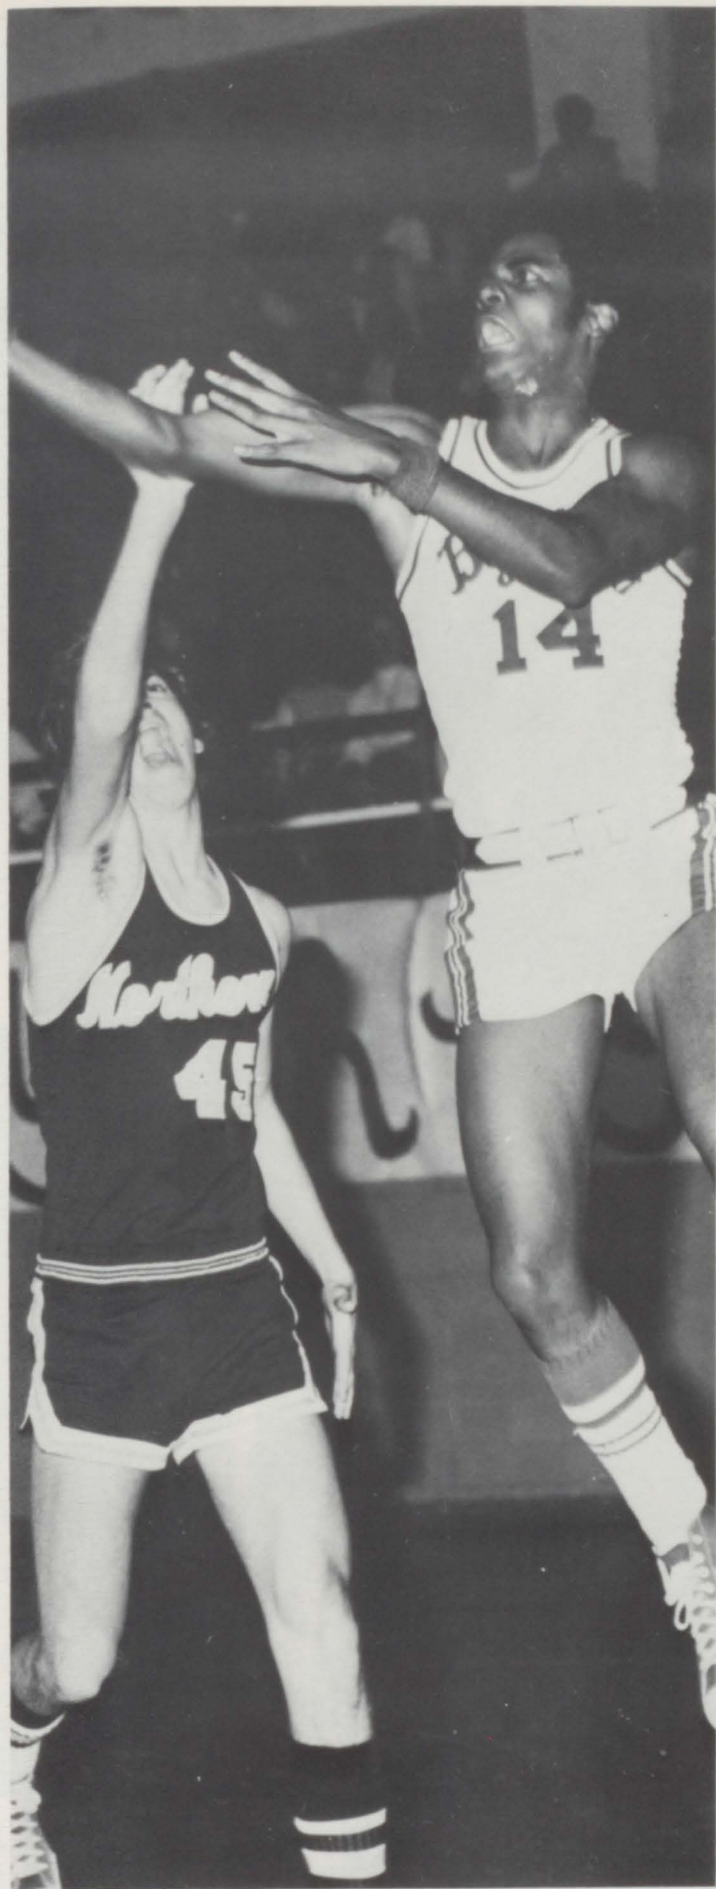

A bright spot this season was the trouncing of Northern and East Detroit. In the Northern game, Jeff Cates, Steve Stocker, and Marvin Miller combined for 36 points. In the East Detroit game, the varsity was paced by Stocker's 25 points while Miller had 20.

Marvin Miller and Steve Stocker provided many thrills to Big Red followers. Miller's quickness, cat-like moves, and jumping ability resulted in a 17 points-per-game average and a 10.5 rebound mark. He often ripped off rebounds from six-foot-six opponents.

Steve Stocker hit for 18.5 points per game, tops on the team. His soft touch and jumping ability made it difficult for the opposition to stop him. His never-dying aggressiveness helped the team to many victories. His hustle helped on the boards as he almost hit double figures in rebounds.

Jeff Cates helped the team with his defensive play. His quickness, along with the play of Les Bates, were important in keeping the opponents from making easy baskets. Bates was especially good at using his height under the basket. Paul Geick and Dave Thomas' dedication and team hustle were an important factor in the team's success. In the end, it was the team effort that brought success late in the season.

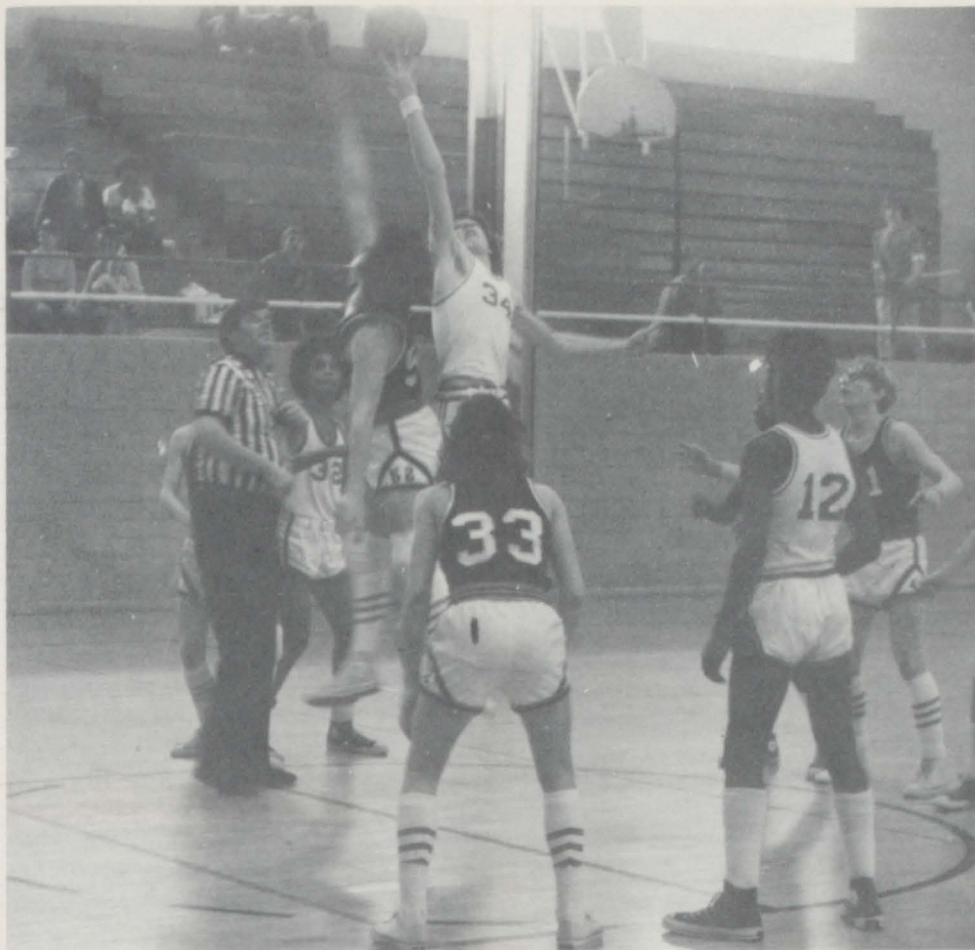

FRONT ROW - (left to right) Dave Duesiller (Manager), Al Warsinski, Mark Kern, Ron Johnson, Joe Biga, Tony Malachi, Larry King, Tyrone Burrell, Tom Moore (Trainer). 2nd ROW - Coach Biddle, Mark Pack (Manager), Jeff Van Hoesen, Ed Kopa, Steve Fox, Dennis Lynch, Larry Jones, Steve Stocker, Kenny Thomas, Coach Gutkowski. BACK ROW: - Dave Thomas, Marvin Miller, Paul Geick, Les Bates, Burel Lumpford, Jim Dupree, Tom Martin, Jeff Cates.

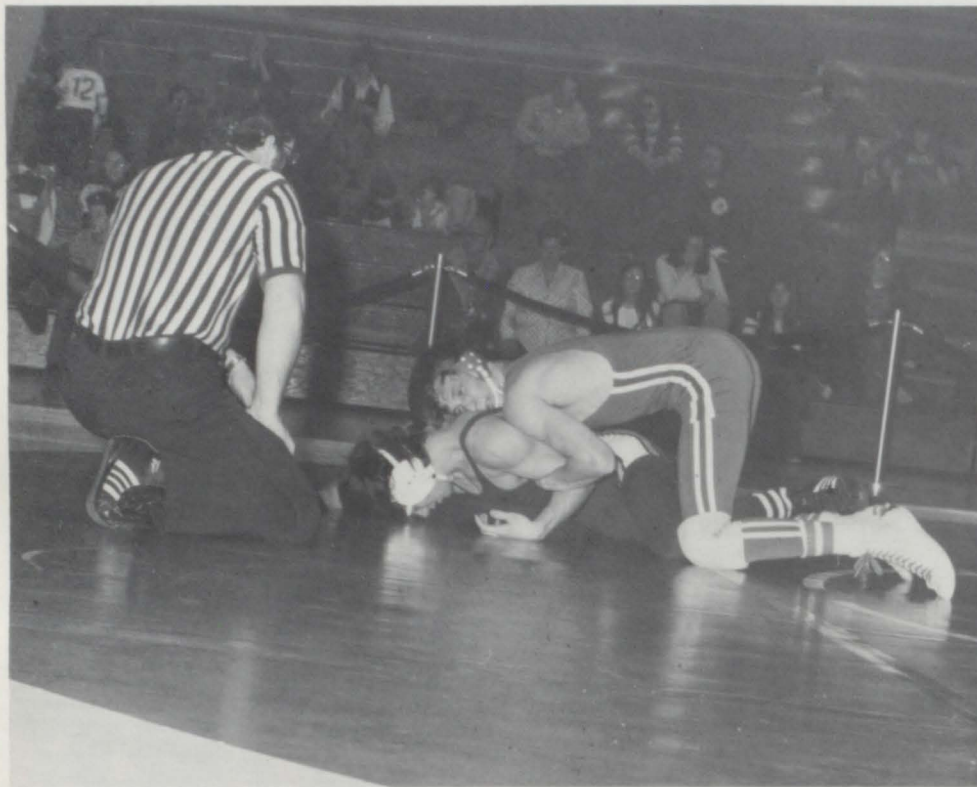

Our basketball players spent many hard hours practicing for their competition with other schools. The players field becomes the field of honor to the Sunday afternoon athlete. The victories and near victories make the contest singularly important. While basketball may not get the glory, basketball is great. You always see some action and can always hear the pitter patter of the teams feet. Practicing always comes first. Basketball attracts the largest group of students outside of class. Tension, excitement and action makes the fast moving evening entertaining, and a win makes it perfect. The Big Red team showed good prospects for the future.

Wrestlers Tied for First in City

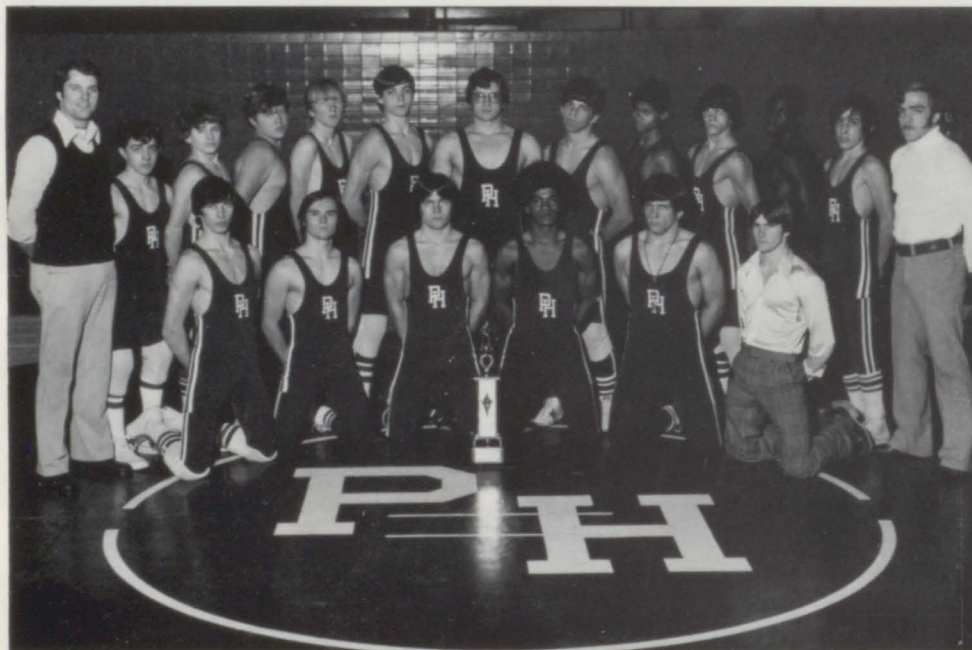

The wrestlers under the leadership of Mr. Phil Luman and Mr. Dave Heck had one of their best seasons this year. They had many close matches and showed vast improvement over last year. Most of it was due to returning varsity wrestlers. They provided examples for the first year men. This year we had many outstanding wrestlers, among them was senior Dave Glombowski. He came out of knee surgery, which sidelined him last year for a majority of the season, to become one of the top 185 pounders in the league. He took many firsts in tournaments, among them Flint Central and Eisenhower Invitational.

Pat Keeler took 1st in the EML at 112 pound weight class. Pat was one of the wrestlers who finished with a winning record.

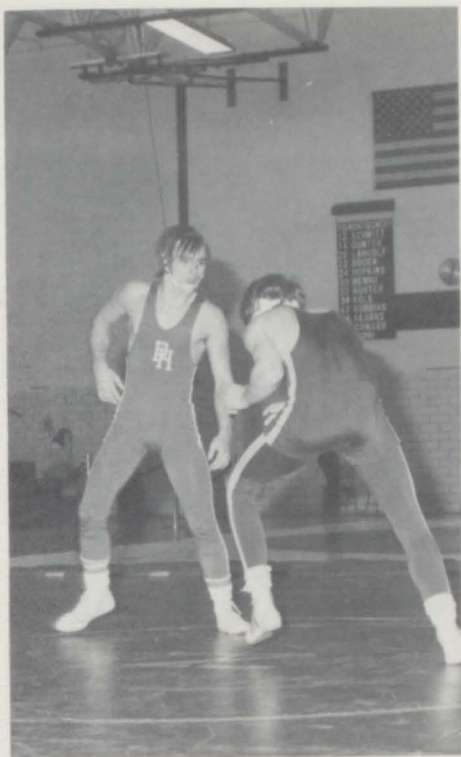

Dave Trampski at the 167 pound weight class had an exceptional year. This was Dave's first year in wrestling and he did his job well.

Rick Troy, a sophomore, did quite well too. Although these achievements were outstanding, the greatest achievement of the year was not an individual achievement, but instead a team achievement. They tied for the city championship.

Bob Corwin prepares for a takedown. Dave Trampski brakes his opponent. Mike Campbell wins again. Dave Glombowski applies a cross face to Northerns Shawn Anderson. Mike Campbell works for a pin.

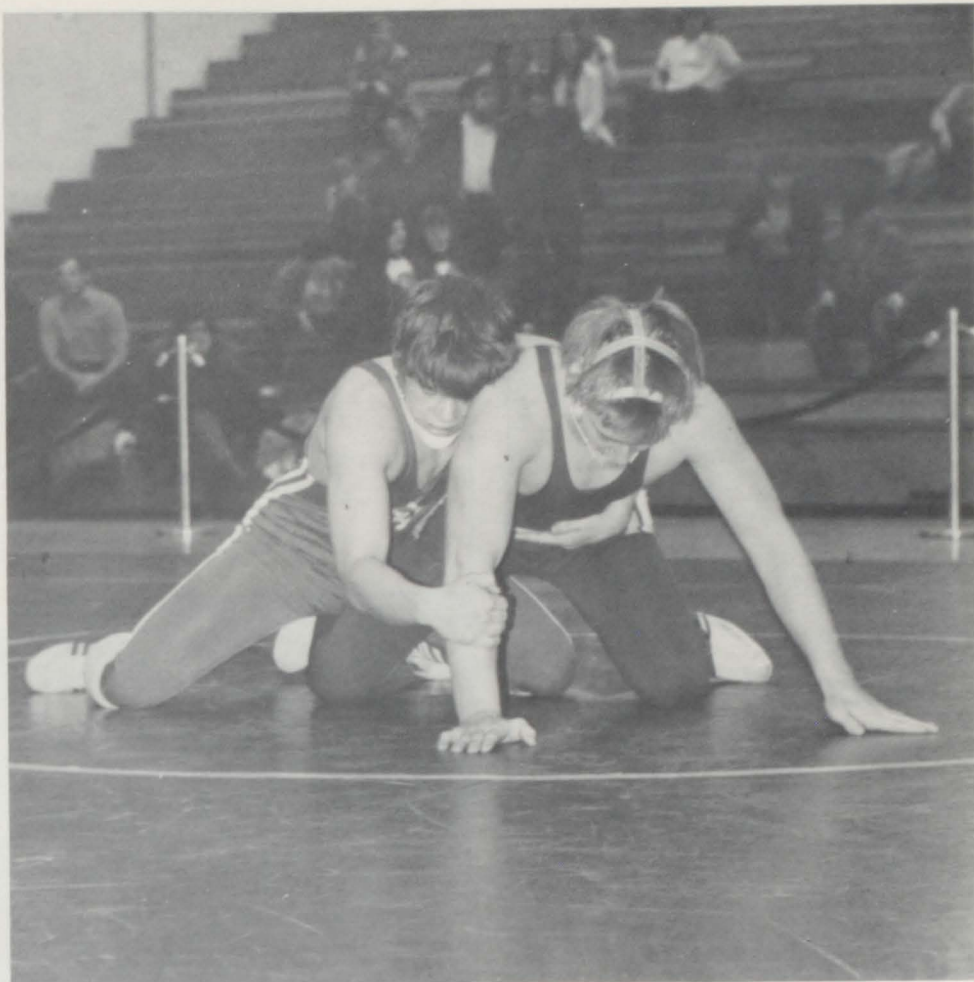

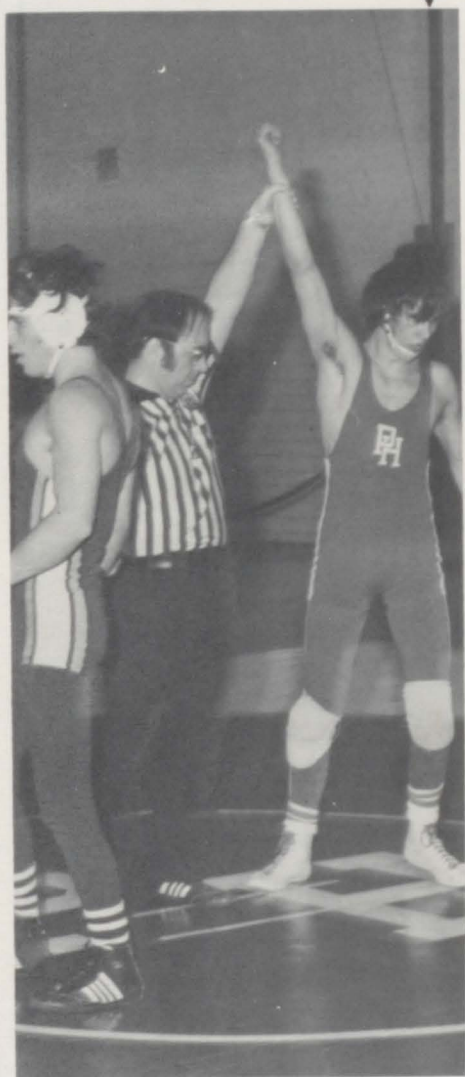

BOTTOM ROW - (left to right) Mike Campbell, Bob Cowin, Dwight Frazer, Denell Portis, Dave Glombowski, Ray Reiter. Cindermen Go All Out for P.H.

VARSITY TRACK 1974 - BOTTOM ROW - (left to right) Dan Berish, Dave Howe, Rick Turck, Leo Jones, John Moncrief, Gary Edwards, Baron Cogley, Mike Gray, Coach Charles Richards. SECOND ROW - Coach Korth, Coach Domke, Steve Schneider, Dan Rehberg, Les Bates, Cal Stewart, Joe Biga, Russ Warsinski, Chris Cunningham, Dave Boyd, Malcolm Floyd. THIRD ROW - Gayle Patrick, Tim Glenn, Pat Distelrath, Greg Burrell, Leroy Temple, Kevin Brown, Tyrone Burrell, Dave McInnis, Beverly Stanley, Doreathea Chisholm.

In the field events department the Big Reds scored one-hundred and fifteen of their three-hundred and thirty seven total points for the season. Leading the field event scores was senior high jumper Dan Berish, who was always, even at big meets, among the highest of jumpers. His best jump of the year was six feet and one inch against Mount Clemens High School. Only two points behind was junior shot putter Malcolm Floyd at thirty one points. One twelfth of a point behind Floyd was junior long jump man Gary Edwards who went over the nineteen foot mark and, along with Mal Floyd and sophomore Steve Schneider, should dominate most meets in the field event activities as Schneider has made five foot four inches and is returning for another season of varsity track. Dan LeTarte who was a junior pole vaulter went over nine feet and scored nine points before he was injured. The rest of the points scored in field events were recorded mostly by sophomores and juniors.

The cross-country team turned out really great this year, there were 2 seniors, 2 juniors, and four new runners added to the team this year, Armondo Diaz, Alonzo Thomas, Howard Bergman, Mark Welsh. This season the team has been given a new coach, Mr. Tim Pinnix; he was also a track man for P.H.H.S. in 1968-70. The team shows a promising out look for next year.

Racketeers Try to Achieve Goals

The girls' tennis team scored five victories and four losses in completing a successful season. In league action, the netters finished last with no wins in four matches. The girls' junior varsity team finished an identical no wins in four matches record. In the EML tournament, Theresa Armstrong won her first and second round matches before losing in the third round. In doubles, Mary Jane Adams and Pam Moen won in the second round before losing in the third round of play.

Last spring the baseball teams, J.V. and varsity, did an outstanding job. They put forth an effort we didn't even know they had. In the season's record the Big Reds had 18 wins and 9 losses. In the Eastern Michigan League they had 8 wins and 5 losses. They also took first place in the city tournaments. Coach Hillaker expects as good a team next year.

Netpersons Win Again

Tennis is one of the many sports at P.H.H.S. which boys and girls can participate in. Along with our great team we have a super great coach Charles Lutz. The team had eleven wins and three losses. This was their third year for the regional. They tied for second in the EML, and came in third in the EML tournaments. They also came in second in the all-city tournaments, against city schools. Their total wins for the last three years is 33 and losses are 7.

Cheerleaders: "Let's Get Rowdy"

The Junior Varsity cheerleaders for the 1975 season consist of five juniors and three sophomores. The five juniors are Capt. Jodi Boyd, Co-Capt. Rhonda Zeigler, Kim Fenner, Sally Garza, and Gayle Patrick. The three sophomores are Debbie Brown, Debbie Burnell, and Debbie Carfore.

Each girl participates in cheering, of course, but they do much more. The cheerleaders are responsible for many of the banners that go around our gym, for the pep assemblies, and just for promoting school spirit.

JV CHEERLEADERS - (l to r) BOTTOM ROW - Rhonda Zeigler, Kim Fenner, Jodi Boyd, and Debbie Brown. TOP ROW - Debbie Carfore, and Debbie Burnell. Missing are Gayle Patrick and Sally Garza.

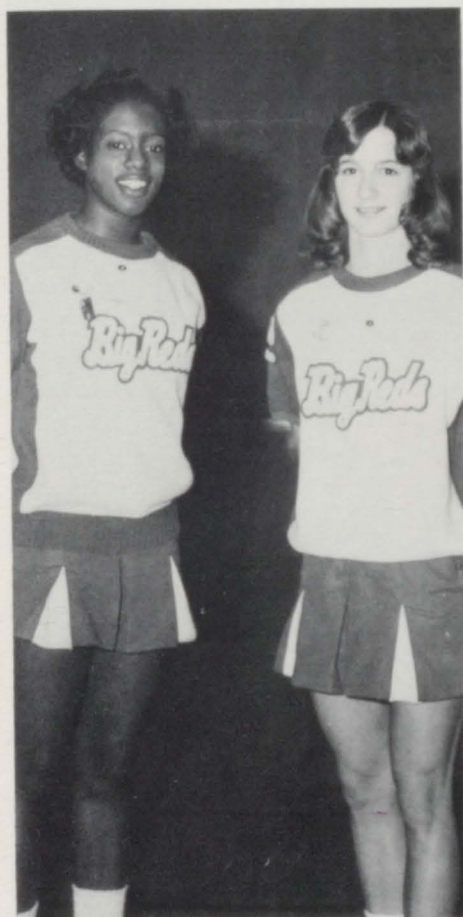

The varsity cheerleaders have come a long way to promote spirit and we can give them a lot of credit for the effort they put into it for creating it as well. Banners, skits, songs, and even cheers for the whole school to join in. You name it; they do it.

The squad consists of four seniors, three juniors, and one sophomore. The four seniors are Judy Young, Diana Patrick, Karen Winfield, and Cathy Galat. The three juniors are Renita Pack, Dodie Lindquist, and Latina Taylor. And last but not least our only sophomore, Anita Seely.

Girls' Tennis, GAA Stress Skills

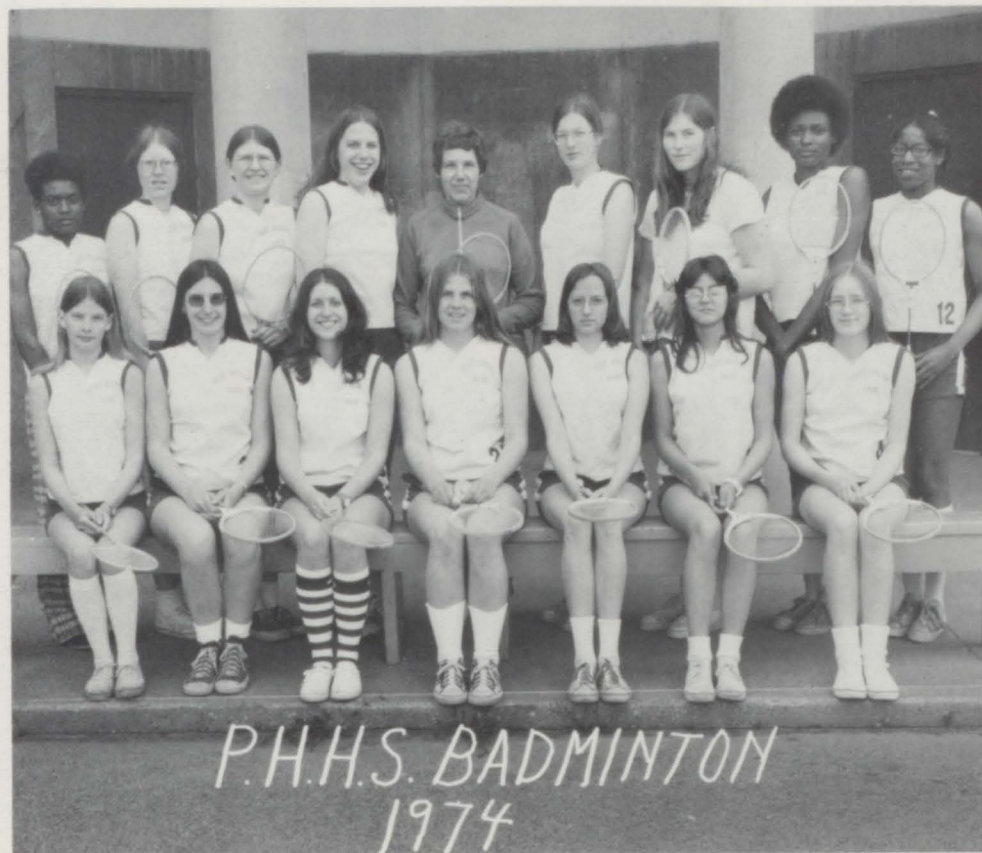

This is the second year for the girls basketball team under the coaching of Miss Stevens. The team consisted of eight players, including Theresa Brewer, Robbin Callahan, Patty Geick, Lisa Johnson, Gretta Knight, Gretchen Lee, Lynn McConnell, Beverly Powell, and Malinda Stewart. The managers included Cheryl Bates and Lynn McConnell.

G.A.A. is the most active organization in Big Red Country. Meeting almost every Monday throughout the school year, the Girls Athletic Association sponsors many activities for its members. They include such sports as badminton, volleyball, tennis, gymnastics, softball, as well as basketball and many others.

Ski Club Has Its Ups and Downs

This year's ski club has had many outstanding skiers. The beginners have found that skiing is harder than it looks by past experiences. They have received help from professional instructors. And also in receiving a few helping points from fellow skiers from the ski club.

Choir Is Enthusiastic, Spirited

The Members of the Choir are: FRONT ROW - (left to right) Tom Dell, Jeri Neruda, Janie Castillo, Julie O'Brien, Debra Kern. MIDDLE ROW - Lorrie Hawkins, Jeannie Eagle, Barb Phare, Mary Ann Burkhardt, JoEllen Seely, and Janice Williams. BOTTOM ROW - Louis Bigger, James Fields, David McInnis, Larry Jones, Matt Brown, Stephen Murfin, and Larry Washburn.

Reds Debate Team Going Strong

The debate team is outstanding in their activities this year. They have received eight trophies this year, five of which are personal trophies. The debate team could have never achieved all these if it weren't for the help of their director, Miss Pat Lavoy.

The varsity debate members are Michelle Crimmins, Ann Greenham, Nancy Kivel, and Sue Lloyd. The Junior Varsity members are Tim Zechiel, Mark Warsinski, Kathy Wrench, Kathy Chidester, and Vida Bonacci.

They have received second place in the Blue Water League with three trophies. They took second in the E.M.L. with five trophies with Ann Greenham as their best speaker.

National Honor Society Sets Goals

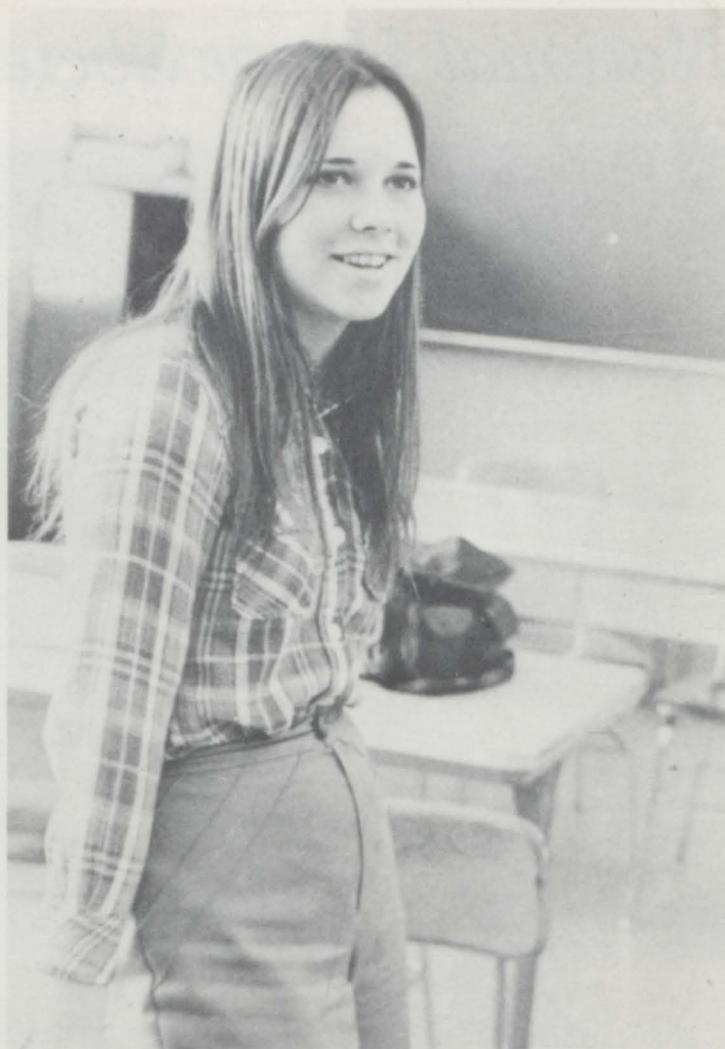

The National Honor Society is the most exclusive organization at P.H.H.S. The members are elected in the spring by the faculty. The names of the elected are announced at the awards assembly in May. The students are elected on the basis of outstanding qualities in leadership, character, scholarship, and service to the school. Attaining a 3.0 average or higher is also a requirement. Meetings are held twice a month in which they discuss their future projects. They have accomplished many things this year and have promoted the spirit within the school.

Yearbook Staff Puts in 2500 Hours to Create '75 Student

Publishing the yearbook is perhaps one of the most important activities in Big Red Country. Those students who join the staff are required to make a greater effort over a short period than any other activity.

Each member of the staff must make an effort to sell advertising. Without advertising the yearbook would have cost over \$8.00 per student.

After the sale of advertising, each student staffer then specializes in one of the phases of publishing a yearbook. These include designing pages, writing copy, planning pictures, selling subscriptions, keeping up the index, taking pictures, and editing pages.

The 1975 Student was headed by four staffers: Maureen Bush, who sold the most ads as well as designed the ad section and edited the finished pages; Judy Egan, who wrote much of the copy; Greg Burrell, who printed most of the pictures used in this book; and Becky Harris, who designed or redesigned most of the pages to conform to the book's style.

Initiation Hilites Varsity Club

Spanish Club Travels to Mexico

The Varsity Club is for the guys at PHHS. Qualifications to get into the club are that you must have your varsity letter and get initiated by another member. The above picture shows some of the guys during initiation.

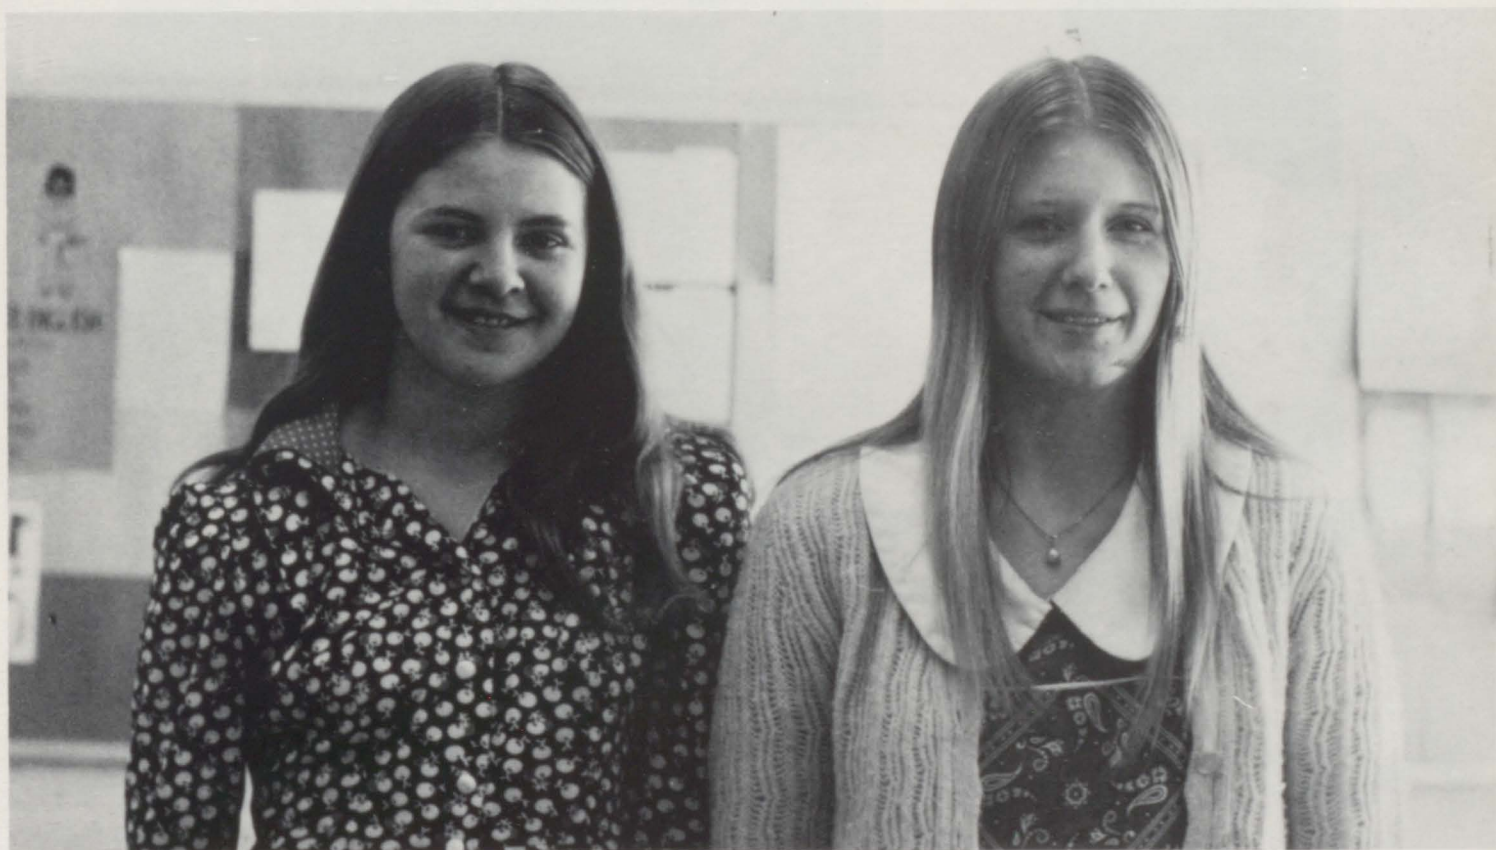

This year the Spanish Club is planning to go to Mexico during Spring break. Twelve members are going including: Mr. Tim Owens, club advisor, Mrs. Owens, Jodi Stover, Louellen Goschnick, Cathy Everingham, Marvin Everingham, Chris Burgess, Ron Hardin, Kathy McLaughlin, Mrs. McLaughlin, Lori Klaas, Lisa Bennett, Rhonda Limberg, and Pam Conrad.

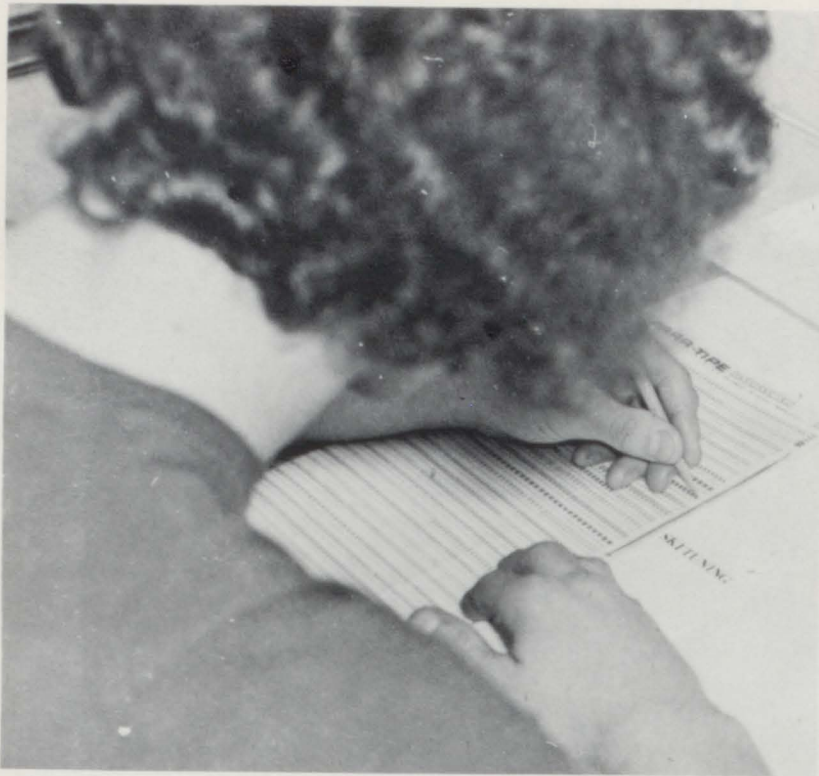

Open Doors a Way to Understand

Open Doors is our literary magazine in which any student in the Port Huron area is invited to submit his essay, short stories, or poetry.

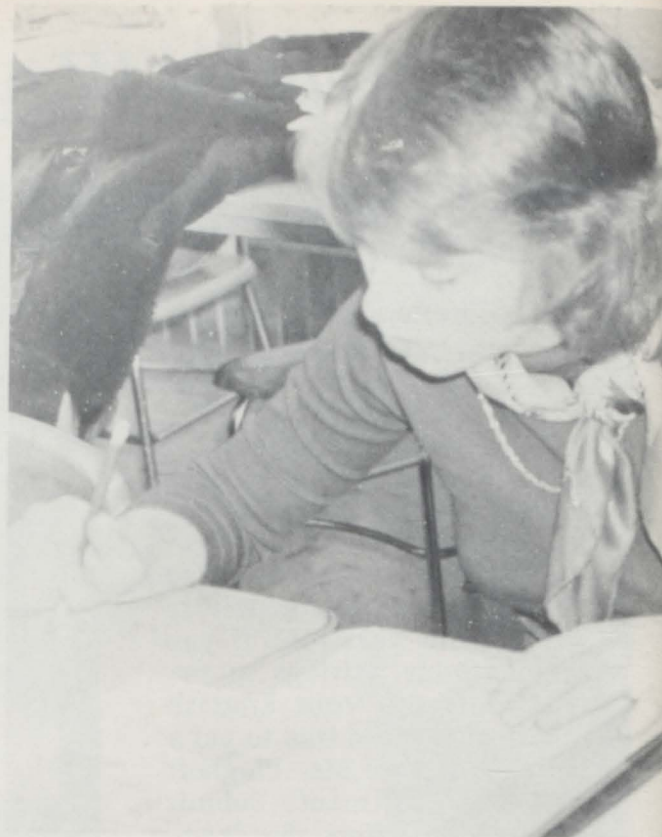

This year Open Doors was organized and edited by the senior composition class, and also the tenth grade C.P. classes are helping.

Mrs. Zaida Chidester is the Open Doors advisor. The magazine has always been sold for \$1.00 in the past, and hopefully it will be this year too. If you wish to submit writings to the Open Doors see your English teacher, or if you'd like to put a drawing in it, see Mr. Ploghoft in the Art department. Submit to Open Doors before the deadline February 14, 1975.

New Classes with New Jobs Produce The Lighthouse

Journalism has a new face this year. The course has been divided into two parts and is now offered as two courses. Newspaper Production is totally responsible for copy reproduction, advertising, layout, headlining, justification, and photographic reproduction. Journalism is responsible for copy writing, designing the pages, taking the pictures, and advertising. Skill in reporting and covering the entire school is emphasized. The school newspaper, THE LIGHTHOUSE, is the product of the combined efforts of both classes.

Mr. Smith, Mr. Beedon, and Mr. Ufford are the three assistant principals. Mr. Ufford is in charge of night school and summer school. Mr. Smith is in charge of scheduling. Mr. Beedon is in charge of money matters. Mr. Wydrzynski is the principal of Big Red country.

Business is helpful in learning different skills such as shorthand, typing, data processing, bookkeeping, and general business. It's basically secretarial courses. Mr. Verran is the business department chairman. This year Mr. Schneider is a new teacher in the business department. He teaches retailing and typing. If your goal is to become anything, right now is the time to start thinking about it. Don't wait until it is too late.

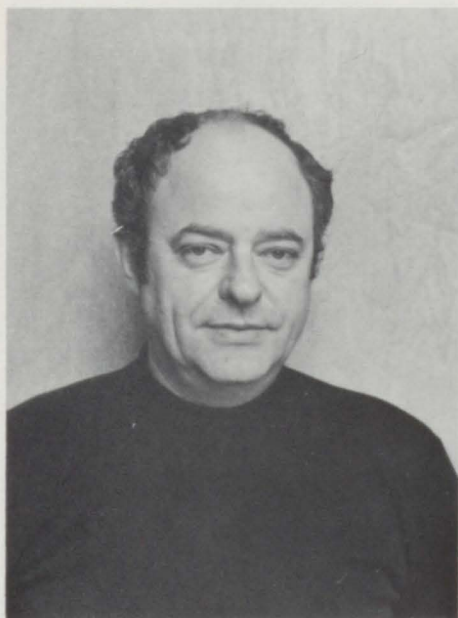

Special Ed Makes, Sells Plaques

This year's Special Education classes have been more advanced and improved because of the concern of the school. This year's classes have had more teacher's aids because as Mr. Martindale puts it, "Our kids learn more from the kids their own age than they sometimes could learn from Mrs. Young and Mr. Martindale."

There have been teacher's aids in almost every class this year and it appears to have been a success.

The students in the Special Education classes have been making plaques to sell at Christmas time, and with the profits the class makes, they buy general equipment for the classroom. This school year they have already bought an electric can opener, electric toaster, matching canisters for flour, sugar, coffee, and tea. What would they buy these materials for? What else, they not only how to work individually on Special Ed Reading, Math, English, and History, but most of the students learn how to cook. Other learning activities include how to type, operate a switchboard, weave rugs and purses, and take field trips to interesting places. Recreational activities including playing pool and making things. The pool table was donated and the class has a refrigerator to put their lunches in while attending classes.

Co-op Offers Many Job Opportunities

Co-op is great at finding students jobs. It especially finds jobs for seniors, although some juniors are on co-op, too. On co-op you go to school either in the morning or afternoon then you go on co-op for the other part of the day.

If you want a job you can go down to Mr. Clair and Mr. White and talk to them about what you hope to be or what your interests are. They will try to get you a job that suits your interests.

Mr. White is the head of co-op with assistance from Mr. Clair. Mr. White and Mr. Clair have found many students jobs and will be finding many more.

English Not Only Required: Needed

Anyone can talk but talking correctly is another thing. Three years of English is required to everyone and is of much benefit to the students at school. These three years are packed with literature composition, and many other things. The English department is chaired by Mrs. Chidester. English is also the department that provides American culture. The English Department has various courses to be taken. English is a basic background to life. It helps you to get further in life. It gives you better opportunity and most of anything it takes in life.

A New Way of Seeing

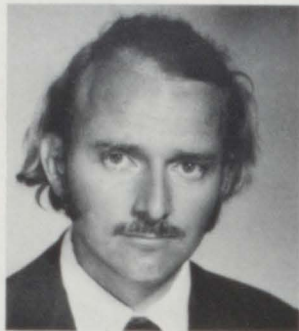

Four our artists we have many fine Art classes. Students who like to work with their hands might be interested in ceramics and sculpture.

Drawing and painting is for kids who like to capture beauty on canvas or paper.

For the kids who like to get a little bit of all the art we have Crafts 3-4.

Textiles are for students who want to weave and braid to make belts and candle holders.

All these classes require at least one year of art like Crafts 1-2 to get in. So you see art has a lot more to offer than just drawing.

Mr. Michelson is the head of the handicapped students. Miss Harmer and Mrs. Moss are adult aids. The students have physical therapy, speech therapy, and occupational therapy. They go in for tutoring in some needed areas. Students are integrated in the regular class rooms. They also are starting a sign making company and making trollers for a fishing equipment company aided by Mr. Smith. Students work in the office and help the band by repairing music sheets.

It is another important asset to our students in helpful skills. The subjects include American history, civics, world history, problems of democracy, and psychology. Most of these are requirements to be taken before you can graduate.

Last year's master chef has grown better and gives the students practical use of restaurant skills and areas of Home Economics. Home Economics include sewing and food classes. Mrs. Brown is the Department Chairman. The master chef prepares food for the administration and teachers. Mrs. Brown is in charge of the class. There are three years of sewing. The classes can be fun if it is what you are interested in. The master chef class would be valuable to you if you planned on someday going into the restaurant business. The class will teach you many skills that will help you in the future years.

Practical skills form the basis for courses in industrial arts. Industrial arts or shop is a program that really helps a student find his goals in life. These classes send the students off ready to repair engines, build cabinets, handle a machine or put together a radio. The men that teach these skills have been trained to do this type of work. The industrial arts department chairman is Mr. Belt. This is a field that will definitely benefit the students who take it. Shop classes are also offered to girls.

In the foreign language department we have 3 teachers who are Miss Zuehlke, the department chairman, Mr. Hodge, and Mr. Owens. Miss Zuehlke teaches German, Mr. Hodge, French, and Mr. Owens Spanish. The library is the right place to go if you want to get some studying done. It is quiet and relaxing and you can read for your classes or just for enjoyment. Many students go to the library during the study hall or free time to relax and read a good book or novel.

The Ludington room has all kinds of great magazines and paperbacks. It was an important and valuable addition to our library. Many times teachers sign up for the library so their whole class can go in there to learn. But it is also a good place to go to study by yourself because it is free of lectures and demonstrations. Mrs. Anderson is the head of the library and Mrs. Perukel is in charge of the audio-visual equipment. Both of them give students assistance in the library. There are also library helpers who get out of their study hall to help by sorting card catalogues and checking out books for the students. The Science Department is headed by Mr. Richards. Science offers many courses which help students better understand today's highly complex living. Science is only required for one year, but the majority of the students take at least two years of science. The Sciences offered at P.H.H.S. are biology, discovery, chemistry, earth science, physics, and introductory science. Mr. Paul Ask teaches physics and several types of science courses. Mr. Ulrich teaches earth science. Miss Beyschlag specializes in earth science as does Mr. Korth. Miss Raub teaches chemistry and advanced chemistry. The Science department is loaded with gadgets and equipment just like the outside world. Many students enjoy science so much that they take 3 or 4 years of it.

Math Helps Develop Logic

Math is a very important subject that you must have at least two years of. It can be very difficult and challenging at times, but most people can struggle through the course if they really try. Math is not just working with numbers. It can be a lot of fun when you try to solve some brain teasing problems and puzzles. We have quite a few different types of math. There are algebra, geometry, trigonometry, and many, many more.

Everyone loves gym class, especially the real athletic type person. The class is only required in the ninth grade. Many students take it all four years, being a leader in the 11th and 12th grades.

There are all sorts of different things in gym class, such as volleyball, square-dancing, parallel bars, bowling, trampoline, and many other things which are fun. Every day in gym class the students do exercises like jumping jacks or pushups. And besides being fun, these exercises really get a person in shape. Towards the end of school when the weather starts getting warmer, students take swimming for four weeks. Besides having just girls and guys gym classes separately, we also have coed gym classes. It's a lot of fun. Mr. Laughlin is the department chairman. Mr. King, Mr. Willick, and Mr. Worden teach the boys gym classes and weight training. Mrs. Biddle and Mrs. VanWormer teach girls gym classes.

Big Reds Goof-Off Sometimes, Too

Sometimes in this great school students get tired of classes and work. Sooo . . . they find other activities to occupy time. Like goofing off or just relaxing for a few moments. Then they continue with their school requirements once more.

The junior class of '76' is united under the leadership of it's officers, President Linda Wakeen, Vice-President Dan Strobbe, Secretary Diana Richardson, Treasurer Rhonda Ziegler, Historian Mary Ann Sweeney, and Sponsor Dave Kennedy. It took awhile to get it together, but like the saying goes:

"United we stand, divided we fall." And now, finally united we are rising to bigger and better things, among which, is the makings of a fantastic (and hopefully financially successful) Junior Prom. For one of our many projects, we managed (with soaked bodies and dripping hair) to squirt enough water on enough cars to produce two VERY successful car washes. Another added achievement was the winning of our first Pep Jug, then our second, our third, and

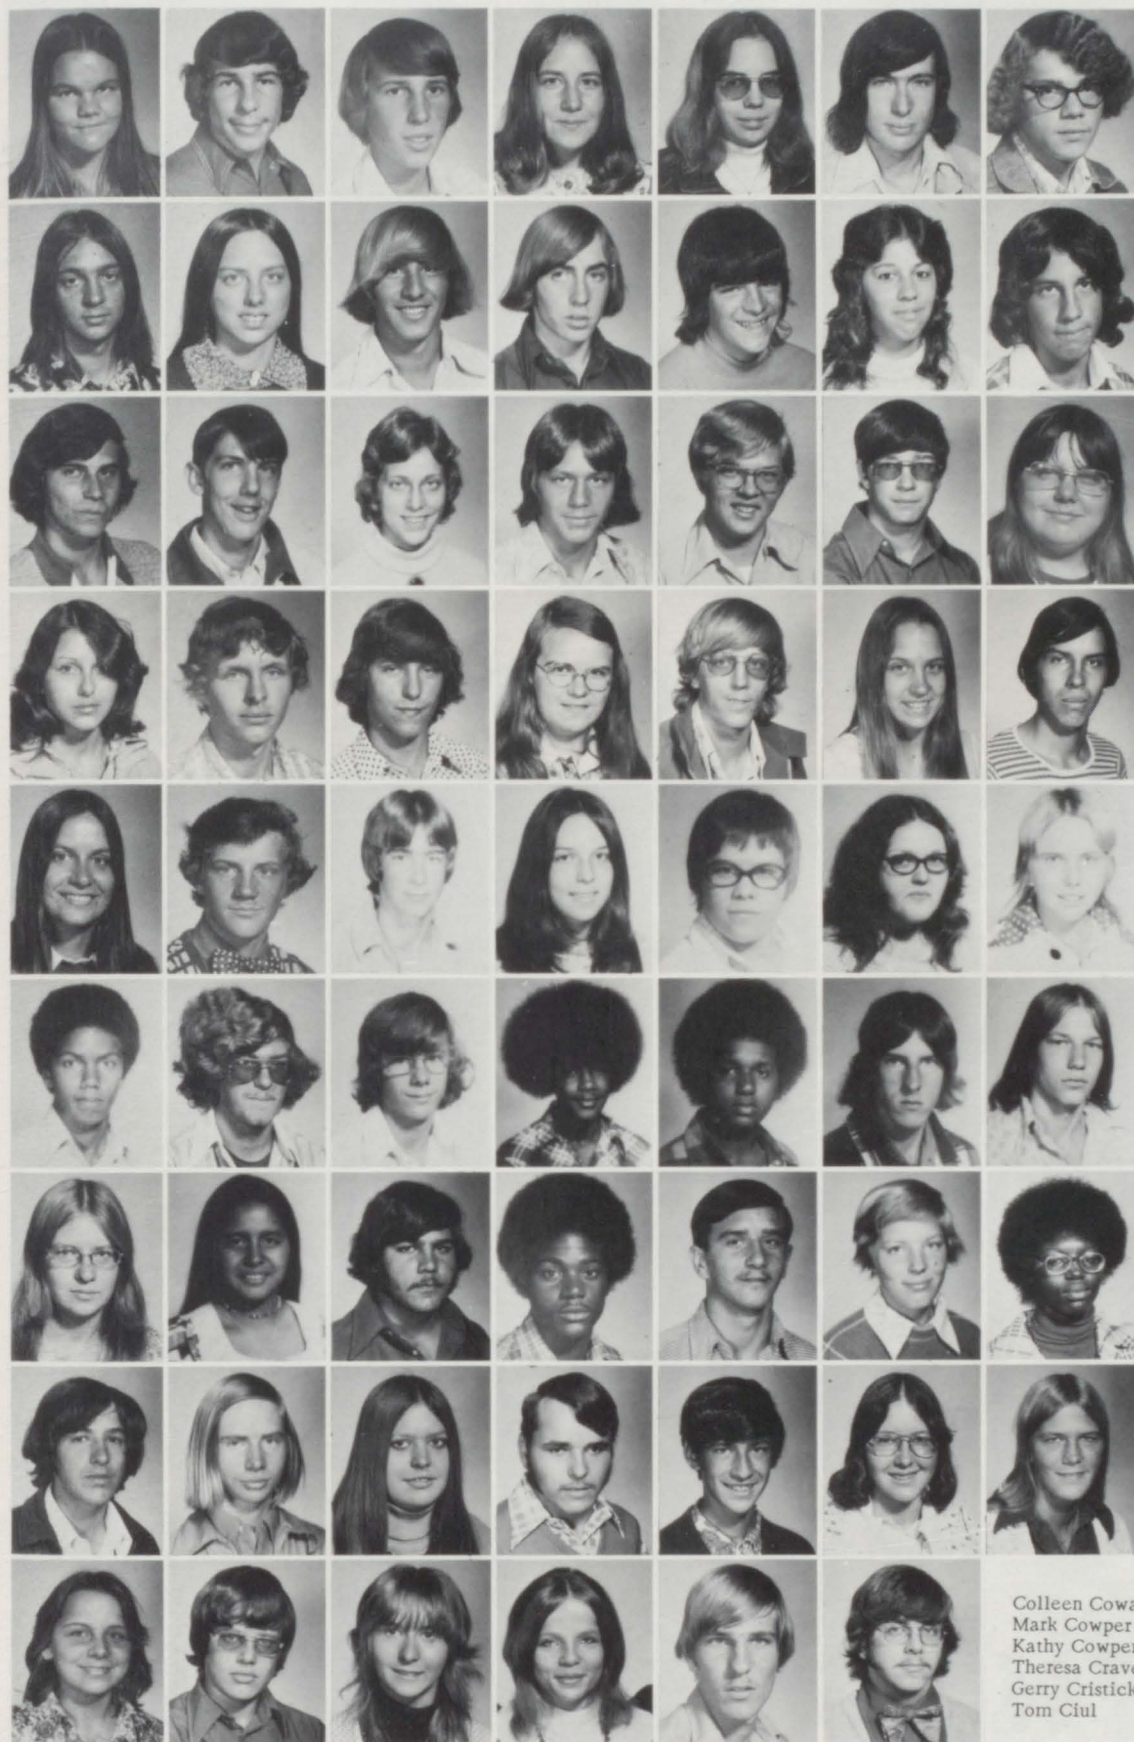

All was not fun and games for the class of '76' though. We had a lot to do before we entered the final stretch towards our eventual goal - GRADUATION. Although some may not know it, we also have the special honor of being the Bi-Centennial graduating class. An honor we should all do our best to live up to!!

Becky Bowman and Kim Fenner show that Juniors are hard working people in and out of class.

Class Officers Inspire Sophs

What can you say about the class of "77", except WOW! Led by their officers Harold Ledbetter, Diane Hubbard, Paula West, and Tammy Armstrong, they are sure to be going places in the near future.

Although they were a little slow this year in float competition (fourth place) as compared to last year (third place), they have made up for it in other ways, one of which was the taking of the Pep Jug. They beat the Juniors out of this honor not once, but TWICE (so far). In addition to accomplishing that, they were also involved in the traditional things like bake sales, car washes, collecting dues, and selling class pins. They also sold tickets for the Booster Club, and conducted a Halloween Pumpkin Contest.

If this makes the class of "77" sound like just another ordinary class, you had better guess again!! Far from being ordinary, they could even be considered unique. What makes them unique you ask? Well, for one thing, they care. And out of this caring, came the idea of sharing. They decided to collect money, not for themselves, but for others. This resulted in the buying of Christmas presents for the mentally retarded children at the Day Care Center with the money they had collected. This was something that none of the other three classes had ever done, and so, in a sense, this made them unique by being the first ones to do it. Which just goes to show you how aware the class of "77" really is!

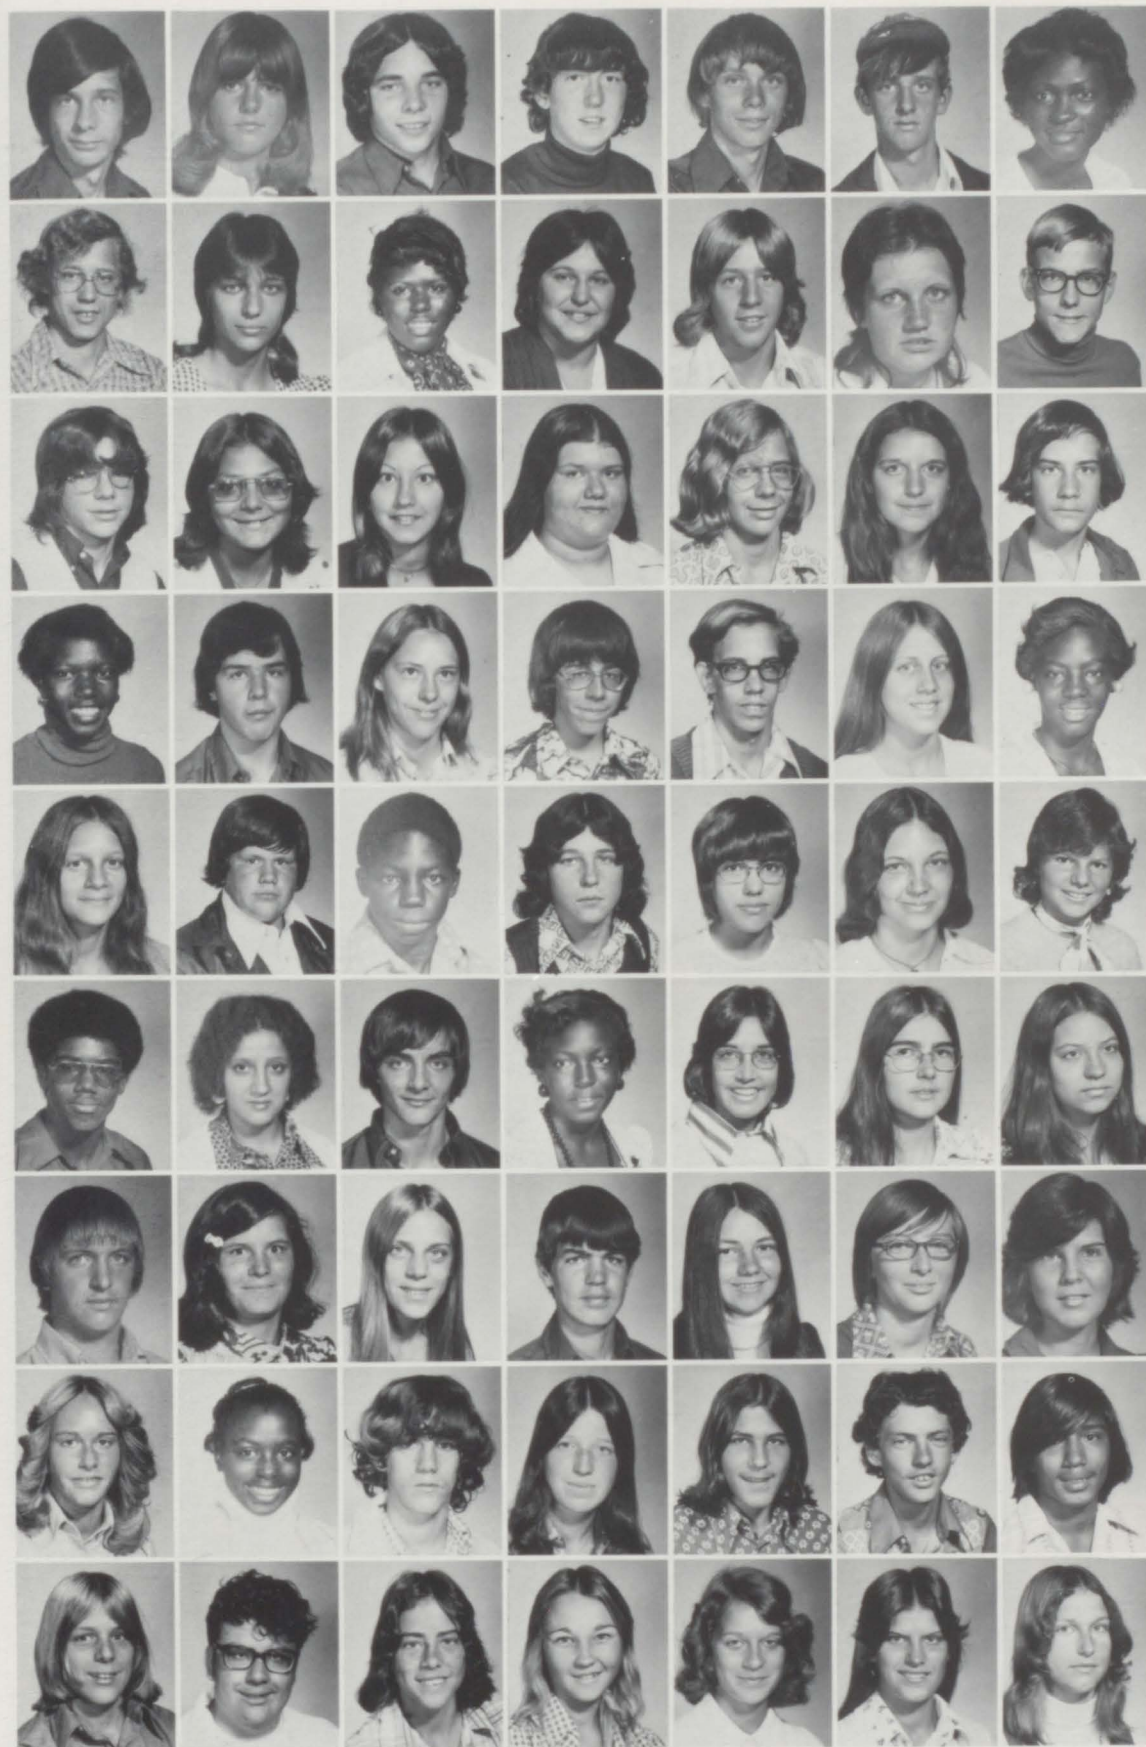

Yes, indeed, they are headed for great things. Keep up the good work Sophomores!

Frosh Leaders Spark Class

The Freshman class officers are President Norman Brown, Vice-President Judy Manzel, Secretary Lisa Johnson, and Treasurer Cindy Neilson. High School is a big step in a person's life, and it takes time to get used to the change; therefore, it is usually hard to get anything done as a class. This year's freshman class overcame all of the problems of being a freshman class, and produced a great float which took third place at Homecoming. Next year, they plan to take first or second!!!

If you don't believe the freshmen have got it together, watch any football or basketball game. You're sure to see a crowd of cheering freshmen! Freshmen participate in many things. A lot of the freshmen went to the Homecoming parade and even to the Homecoming dance. Another thing they participate in is school spirit. It is a little difficult though to cheer loudly at pep assemblies when half of you are on one side, and half are on the other side! But the class of '78' hopes to stay together and some day win the Pep Jug!!

MICHIGAN WELDING SCHOOL, INC.

Michigan Welding School, Inc.
1417 Water Street
Port Huron, Michigan
984-2288

Michigan Welding School teaches all types of welding. Here are a few of the types of welding they teach: High Pressure Welding, Metallic Arc Welding, Fusion Welding, Electrical Arc Welding, Carbon Arc Welding, M.I.G. Welding, and T.I.G. Welding.

The school opens from 9:00 A.M. to 9:00 P.M. on weekdays.

Interested? Call 984-2288 NOW and find out the good points of this private school. Also, when finding out about the school, why not register for a course in Arc Welding?

Did you know that students who take this course will, in completing this class, become a certified welder by the Michigan Department of Labor?

This school is unlike any other school. For beginners, the school gives a student the option of setting up his own time table according to how fast he works. A person can also hold a job. Or if time permits, do his school work with the training the school would give him.

So make sure this school is a part of your educational plans.

*Sometimes it was turbulent,
Sometimes it was peaceful,
But this is how we remembered it.*
